Signus ONE

Experience pavilion

The Signus ONE is a fully customizable and inflatable brand pavilion. With full color printed cloths you can stand out at all kind of experiential marketing and events.

Because of the organic shape the Signus ONE makes an impression of being a one piece design pavilion. It guarantees visibility in a way that will make the difference. With the adaptable cloths the inflatable pavilion can easily redesigned. Each event a different design.

Especially because the pavilion is set-up in only 15 minutes Signus One is definitely perfect for guerilla marketing, sampling and other pop-up marketing.

Customising Branding design

The Signus ONE can be used for multiple marketing activities and multiple campaigns. How? Easy, just change the printed cloths.

Separate parts

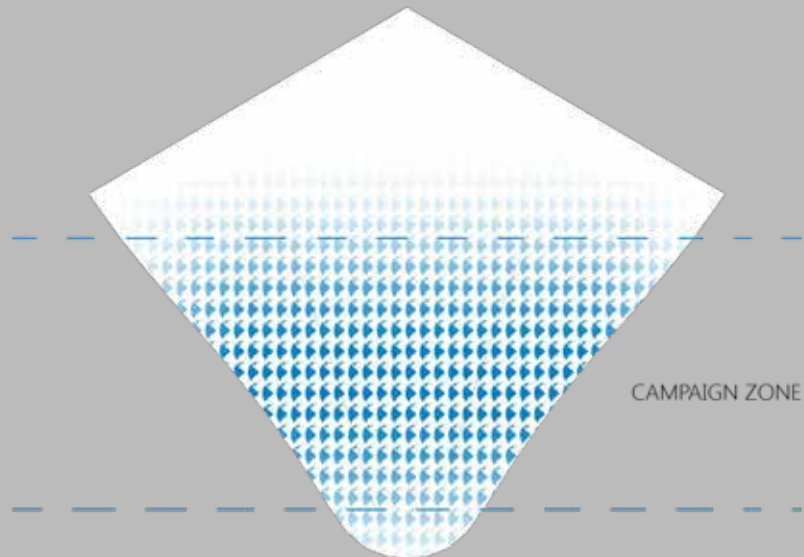

The Signus contains of three parts: Inflatable frame, white unprinted cloths and custom printed cloths. The inflatable frame and the cloths are connected with high quality YKK zippers

The cloths are adaptable and easily changed in 5 minutes so you can design your Signus pavilion each event differently.

Design zone

Logo positioning

The custom Signus pavilion can be designed with 3 separate segments of 13m² printable polyester. Ask us to send the design templates for 5M and 6M cloths and start customizing your Signus ONE.
